SATURDAY'S GAMES AND ONE SATURDAY

THINGS LOOK DECIDEDLY BRIGHTER FOR CLEMSON TEAM

MAJOR IN GAME

The Anderson Star at Clemson Will Be in the Play—Much is Said By The State.

All those in Anderson who keep in touch with baseball and football are sure of two things: one of these is which team, Boston or Philadelphia will win the world's championship in baseball, and the other is which team will win the big football game here next Saturday, Clemson or Auburn.

However, it is found that there are about as many on one side of these two absorbing questions as on the other, and all have their dope marked out to perfection.

As to the world's series, that is too far away to worry over much, but when it comes to the Clemson-Auburn football game, the people of Anderson really have something that will be in their territory. With so many Clemson and Auburn college men in the county, linked together with the fact that there has always been a deep rivalry between the two teams that are to play Saturday, rain or shine, probably no such interest has ever been created in the football world locally.

Especially is this so since Saturday, Clemson's close victory over the University of Tennessee, and Auburn's over the University of Florida, causes everyone to feel like the game between these two teams Saturday will be much closer than was at first expected. It goes to prove that Clemson has a much stronger team than was thought, and that Auburn does not stand near as much chance of a victory as she did.

So much did The State think of Clemson's victory Saturday that this was said:

"Clemson's victory over Tennessee, 3 to 0, was the outstanding feature of yesterday's football results. The Tiger triumph, though unexpected, was hardly sensational, inasmuch as Bob Williams' teams are always noted for strong defense."

"That the Clemson team should have outplayed the 1914 S. I. A. A. champions, however, was enough of a surprise to make the game the most interesting played yesterday."

Auburn, which was also prominent in last year's S. I. A. A. battles, caught something of a Tartar in Florida, but nosed out by a spurt at the finish."

In addition to the above The State carried a good account of the Clemson-Tennessee game which will be given below. The Clemson team is expected to be stronger in Anderson Saturday than it was against Tennessee too, for Major, the star man in the backfield will be in the game. He is decidedly one of Clemson's best players and the fact that he is in a game always causes more pep and enthusiasm.

The state said in part: "Harris' goal from the field early in the fourth quarter of the Clemson-University of Tennessee football game here this afternoon brought a defeat to the Volunteers for the first time in two years and the final score was 3 to 0 in favor of the South Carolinians, who really outplayed the locals the greater part of the time. The visitors kept the ball in Tennessee's territory much more than half the time, although the Volunteers threw away several chances to make good gains by fumbling at critical times."

McMillan, quarterback on the Clemson team, was easily the star of the game, for he got away twice for two long runs, gaining 40 yards on one occasion when he returned a punt, and racing 60 yards the other time when he captured the ball when Tennessee tried a forward pass.

"Both teams did a great deal of punting and Harris usually gained several yards on each exchange of punts with G. Vowell."

"Clemson twice had the ball within Tennessee's 20-yard line and Harris tried to kick a goal in the third quarter, but the ball went wild."

The following account of the Auburn-Florida game is taken from The State:

"Playing a defensive game for three quarters, Auburn assumed the offensive in the final period of the game with Florida today and marched straight down the field for the lone touchdown of the game. The final score was Auburn 7, Florida 0."

Auburn expected a close game, but did not expect to find the Florida team as strong as it was."

The Auburn line held the heavy backs of the Florida team and at no time was the Auburn line threatened, but Auburn did not get away from defensive play until forced to do so."

Mr. Roscoe Moseley spent Sunday in Greenville.

Mr. J. J. Baker, formerly of Anderson but now of Williamston, was in the city yesterday.

Advance in Meet.

Washington, Oct. 5.—Prices paid for meat products August 15 to September 15 advanced half of one per cent compared with average advance during the same period for five years of one per cent. The figures made public today, showed that the prices paid producers from the principal shops declined about 3.2-10 per cent during September compared with the average decline during the same period for seven years of 2.9-10 per cent.

The toppy red bag, 5c

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed! No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette. For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy'us to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best—no best smoke

Minister Gives Testimony.
The Rev. C. M. Knighton, Havana, Fla., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 1-1/2 bottles when all of the pains disappeared. I am 55 years of age and now feel like a young man again. Sold everywhere."

GIVE PERFORMANCE AT ANDERSON FOR U. D. C.

Play Last Night Much Enjoyed By Splendid Audience—Quartet Making Hits.

Last night, the Norene St. Clair Stock company offered "Mary Jane's Pa." to a crowded house, and the play was one of the very best yet offered by this company. Mr. Pollock had a part decidedly different than any he has yet attempted here, a rural character, and he was very good and furnished most of the comedy of the evening, and with Miss St. Clair as Pa., his wife and Miss Emelise as Mary Jane, carried the honors of the evening in the fun producing line. Mrs. Francis and Mr. Murry were also very clever and had very congenial parts, though not as arduous as some they have portrayed. Mr. Beaulieu as Jerome, was very clever and had a very thankful part. Messrs. Summers and Meyers were very good. The quartette registered their blizzards, and responded to a great many encores and bows. The quartette in a decided feature with this company.

Tonight, the play will be "The Sweetest Girl in Dixie," and the performance is given for the benefit of the Dixie chapter of the U. D. C. This chapter will receive a very generous percentage of the receipts. The play has been chosen for its very natural application to the organization. It is a play of southern life, that makes every true southerner prouder, if possible, of the fact that he is a southerner, and that the grand old aristocracy of the south was not a myth, but a glorious reality, and a reality that should be shown appreciation of, by attending the Anderson tonight, and witnessing the greatest play of the south ever written.

"The Sweetest Girl in Dixie," was written by Miss Freda Slemens, a daughter of the south, a woman who with the rare photographic mind, returned by word of mouth the very scenes that were enacted in reality on the plantation of her own father near Murfreesboro, Tenn.

Mr. Pollock as Colonel Howard will have one of the greatest parts ever written, and with his intimate knowledge of the play will score heavily. Miss St. Clair will portray the part of Aunt Callie, an old negro mammy, and to those who were raised by a mammy, a return to the real life will be witnessed. Miss Francis as "babe" the colonel's only daughter, will have, and accept the opportunity of demonstrating her great versatility.

Mr. Meyer will have one of the greatest parts ever written for him. And Mr. Foster will have a part that

will be strange to him, but which he will surprise even his most ardent admirers with.

The quartette will render all the old southern melodies, and the whole evening will be devoted to one of the atmosphere of the old south. Being a benefit, the house should be crowded to capacity, and no doubt will be. The prices are the same, 10, 20 and 30 cents. Phone for your tickets, and have them laid away.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be rapidly overcome by applying a little cold sulphur, says a noted dermatologist.

He informs us that cold sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up, leaving the skin clear and smooth. Cold sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasitic-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of cold sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.
